Mark,

I just wanted to take a few minutes and thank you and CPM for the extra efforts and long hours it took to make the new Panda Express store opening in Indianapolis a great success. I want to recognize your efforts and your entire team for the great work. Tom Kimmel and yourself were instrumental in getting this project completed on time. Although the circumstances that we were facing were not self-imposed your teams can do attitude to get the project done on time showed great teamwork and leadership on CPM's side.

I look forward to many projects in the future with you and CPM and will be recommending you to other in my field.

Respectfully,

**Mark Russell
Project Manager
Panda Restaurant Group**
