Mr. Jerry Williams  
CPM, Inc  
10053 N. Hague Road  
Indianapolis, IN 46256

Dear Mr Williams:

I would like to express my appreciation for the outstanding job that CPM did on our University Heights Health & Living expansion project. From the bidding through construction your team has been professional and very helpful. Their experience in the HUD process was instrumental in helping us manage that difficult process.

I have heard great things from the other members of the CarDon team. At the end of the day, the proof is in the quality of the building. There is no doubt that your work has resulted in an outstanding, beautiful addition to our facility.

I look forward to working with you and your team in the future. Please give them CarDon's and my gratitude for a job well done.

Sincerely,

John Talbot  
Development Manager
