To Whom It May Concern:

I would like to take this opportunity to write a letter of reference for CPM in regards to the outstanding job they did for White Castle while doing our 4 remodeling projects.

The project consisted of a complete remodel of the dining rooms in 4 of our locations. I would recommend them to do work for us again at any time, because they are thorough, dependable, outstanding craftsman and completed the jobs in the time that was allotted.

Sincerely,

A handwritten signature in cursive script that reads "John Delk".
